

Constipation Can Be Blamed for Diabetes and Bright's Disease!

And constipation is responsible for most cases of rheumatism, hardening of the arteries, brain fog, sluggishness, headaches and many other organic disturbances. Constipation hastens old age—in fact, authorities tell you THAT 90% OF ALL HUMAN ILLNESS IS DIRECTLY TRACEABLE TO CONSTIPATION!

With knowledge like that can you stand by and see yourself slipping physically, see your loved ones fall, as the prey of a preventable condition? Do not minimize the dangers of constipation because you are only "slightly" troubled.

Inactivity of the eliminative passage creates toxic conditions which penetrate the intestinal walls, poisoning the blood and affecting the organs.

BRAN—Kellogg's Bran—cooked and krumbled—is nature's own positive

and permanent relief from constipation. It is the most wonderful corrective food known. Bran is not a "remedy," but a "roughage" that through its mineral salts and ability to absorb water—giving bulk and moisture—assists in perfect elimination. We guarantee that if Kellogg's Bran is eaten regularly—at least two tablespoons daily; in chronic cases with every meal—that the sufferer will be relieved permanently! Bran is wonderful for children, for the aged, for every one!

Kellogg's Bran is delicious, its nut-like flavor greatly adding to the enjoyment of eating cereals over which it has been served. Kellogg's Bran makes the tastiest of bakery batches, such as gems, raisin bread, muffins, macaroons, etc. All grocers sell Kellogg's Bran.

20 LOCOMOTIVES IN WONDER TRAIN

Giant Oil-Burning Engines
Leave Baldwin Plant to Run
on Southern Pacific.

By the Associated Press.
PHILADELPHIA, May 26.—Flying pennants proclaiming it the "Prosperity special," the largest and perhaps the most remarkable single train of locomotives ever hauled across the country was scheduled to leave the Eddystone plant of the Baldwin locomotive works, at noon today for East St. Louis, Ill. It consists of twenty oil-burning engines of the Santa Fe type, each, with its tender, nearly 100 feet long, and weighing 621,000 pounds.

Nearly Half-Mile Long.
Several coal-burning engines, pullers and pushers, will furnish the motive power for the twenty locomotives making up the body of the train, which is nearly half a mile long and weighs more than six thousand tons. On account of some bridges not being able to bear the tremendous weight, and to avoid narrow tunnels, and clearances in certain sections, many detours were found necessary in planning its movement to the west. It will require at least six engines to haul the train around the horse shoe curve, west of Altoona, Pa.

The train will move over the Pennsylvania railroad and will travel only during the day. It is due at East St. Louis at 6 p.m. June 5. No attempt at speed will be made, and at many of the overnight stopping places and in a number of cities through which it will pass arrangements have been made by state and municipal authorities, commercial and industrial organizations and public school officials to review the train as it passes. At night stopping points opportunity for a close inspection of the locomotives will be afforded.

Too Big for Some Cities.
The locomotives are so large, Samuel M. Vauclain, president of the Baldwin works, said that it was impossible to haul the train through Philadelphia, Harrisburg or Pittsburgh. Neither will it be possible, he added, for the great train to cross the Mississippi river at St. Louis over the Eads bridge. It will go south to Cairo and cross over another bridge. Night stops are scheduled for Perryville, Md.; Harrisburg, Altoona and Piquette, Pa.; Canton and Crestline, Ohio, and Fort Wayne, Richmond, Indianapolis and Terre Haute, Ind. It is due in Terre Haute at 3 p.m. June 4 and will leave for the last lap of its journey the next day at 6 a.m.

Throughout the journey, each of the locomotives, which are to be used in the freight service on the heavy grades in the far west, will be manned by an experienced engineer.

Many distinguished men from Pennsylvania and adjoining states and officials of the Southern Pacific and other railroads attended exercises marking the departure of the "prosperity special."

Marka Return to Prosperity.
"The trip has been made possible," said Mr. Vauclain, "by the courage of the Southern Pacific and Pennsylvania railroads. It marks the return of prosperity to the nation, for prosperity returns to the railroads after everything else."

"It also demonstrates the safety and efficiency of the modern transportation system, and it will demonstrate that the present railroad bridges of this country are the safest in the world."

Claims Boy Shot Uncle
At Request of Father

Parent and Son Said to Have
Threatened Life—Trouble Arises
Over Assessment.

BILOXI, Miss., May 26.—A. H. Stockwell, forty-eight, shot by his nephew, Lorenzo Krohn, fifteen, the former claims, at the request of Charles Krohn, father of the boy, lies in a hospital here. Stockwell claims the father and son threatened his life and he was preparing to swear out a peace warrant against them. The trouble ensued over assessment of a horse and wagon of Stockwell's. Stockwell will recover, physicians say.

FIRST PEACH TRAIN STARTS.
MACON, Ga., May 26.—The first solid train of peaches of this season—fifty-one cars—left here last night for the north.

CHICAGO VOTES 1,000 ADDITIONAL POLICEMEN

\$675,000 Appropriated in War on
Terrorists, as Labor Heads
Fight for Release.

CHICAGO, May 26.—An ordinance appropriating \$675,000 for the employment of 1,000 additional policemen was passed by the city council yesterday while the state's attorney's office was battling in court to prevent the freeing of two labor leaders recently indicted in connection with the slaying of two policemen by bombers.

into open court and examined. Judge Miller then, if he finds the evidence on which they are being held insufficient, may admit them to bail.

Meanwhile, new indictments were returned against Mader, Murphy, "Con" Shea and several others.

NEW ORCHESTRA HEAD.

Reiner Succeeds Ysaye as Cincinnati Symphony Conductor.
CINCINNATI, Ohio, May 26.—Fritz Reiner, Hungarian, has been engaged to conduct the Cincinnati Symphony Orchestra next year, it is announced. Reiner will fill the vacancy caused by the resignation of Eugene Ysaye. Reiner is well known in musical circles in Germany, Austria and Switzerland, and is now conducting in Spain.

SHORT CUT UP ALPS ENDS IN FATAL FALL

Countess Zellik, Spurning Aid of
Guide, Slips and Plunges Into
500-Foot Abyss.

By the Associated Press.
GENEVA, May 25.—While attempting to reach the summit of Brenner Pass by a short cut Countess Zellik of Hungary was killed by a fall of 500 feet over a precipice.

A guide led the way, but the countess refused to accept the rope, as she was an expert Alpine climber. Suddenly the guide heard a shriek and saw the countess disappear into the abyss. Her mangled body was recovered.

The countess, who was but twenty-nine years of age and reputed to be wealthy, had recently returned to Innsbruck from America.

GRACE HAWTHORNE DEAD.

LONDON, May 25.—The Daily Mail announces the death in London of Grace Hawthorne, actress and authoress.

Ready Today— New Tire Values!

"We have now perfected, for all sizes, the efficient manufacturing processes which enabled Seiberling Rubber Company six months ago to announce a revolutionizing and superior Seiberling Clincher Cord Tire, 30x3½, for \$12.50.

"A price reduction, therefore, of approximately 12% will be made on all straight-side Seiberling Cords, and on Portage Tires, Seiberling-built—to be effective June 1st, 1922. These prices establish a rock-bottom basis—the lowest possible for fine tires.

"You may say to the car owning public, in connection with your announcement, that in my opinion, Seiberling-built Tires embody today highest quality and low cost to a degree which has not been equalled in my 23 years of rubber manufacturing."

J. A. Seiberling

What This Message Means To You

Read again that last paragraph of Mr. Seiberling's message to us. Remember it is made over his own signature by a man whose name has stood for achievement in the making of highest quality tires for more than 20 years—the builder of more cord tires than any other man—the inventor of the straight-side tire—the man responsible for today's type of cord—and the man who made possible the Seiberling 30x3½ Clincher Cord Tire to sell at \$12.50—the most talked-about accomplishment in the tire industry during the past six months.

No such tire values have ever been offered as you can now get in Seiberling Cord and Portage Tires, Seiberling-built. These tires embody more advanced features of construction than any other tires on the market.

We want you to prove these statements to yourself quickly so instead of waiting until June 1, we are making these new tire prices effective to our customers today.

Come in, or phone us. Start today to cut your tire costs by riding on Seiberling-made Tires.
